Greetings Commissioners,

I wanted to take a moment to express our concerns related to the most recent developments related to the Larsons and their farm. Mr. Holley articulated the concerns well in the correspondence sent yesterday.

Please carefully consider the circumstances and reconsider your actions related to their permit to apply the soil amendment this year.

We would be happy to engage in a conversation on the matter with you and any agencies of potential jurisdiction. Since this land based application is in keeping with an approved farm plan, we have grave concerns about this matter.

Thank you for your prompt review of this matter.

Sincerely,

John Stuhlmiller
